Name:	Activity Group:	Dietary Requirements:	
Birthdays: (We will put candles on the dessert cake! )			Date:

**Please note:**

We fully cater all meals and refreshments for all groups staying at Maranatha and can accommodate a wide range of dietary requirements. Our licenced kitchen has a fully accredited Food Safety Plan and follows all Food Safety Standards.

We do our best to cater for all fussy eaters/preferred dietary needs as meals are buffet style and participants can usually cater their meals at their own discretion – therefore please only use this form for special dietary requirements that are medically and highly necessary as listed above.

We will cater for most special dietary requirements as listed above, however any participants with HIGH/SEVERE Allergies or Sensitivities that required additional attention for medical requirements, are requested to contact our Staff prior to arrival to discuss alternative options for meal seating and preparations.

**NUTS:** We have a strict policy of NO NUTS in the kitchen. Please do not bring Nuts or foods containing Nuts with your personal effects to camp.

**HALAL:** We can occasionally source Halal beef and chicken from our butcher supplier, however it is not a guaranteed supply. We do not have a designated Halal kitchen which follows the Halal tradition of preparation and prayer. We are more than happy to provide a full vegetarian menu with Halal chicken and/or beef dishes depending on availability.
